

Thank you for volunteering to collect signatures for the Coalition to Regulate Marijuana Like Alcohol! The following is a list of “do’s” and “don’ts” when collecting. The most important things to keep in mind are:

1. Don’t collect signatures while working
2. Each petition should be for one county only. If you are collecting signatures from people from multiple counties, you’ll need to have multiple petitions

## Do

- ✓ **Do** collect signatures from family and friends.
- ✓ **Do** list the county you are collecting signatures from at the top. Note: Only one county can be listed per petition. Those signing the petition should live in this county.
- ✓ **Do** complete the statement of circulator at the bottom of the petition *AFTER* collecting signatures.
- ✓ **Do** leave the circulator employer line blank in the statement of circulator. You are a volunteer, not an employee.
- ✓ **Do** watch each person sign the petition and make sure they signed their name and completed all other fields. If a signature is difficult to read, ask them to print their name above their signature.

## Don’t

- ✗ **Don’t** collect signatures while at work or on the clock.
- ✗ **Don’t** fill in the “Number:” at the top of the petition. The petition company will handle that.
- ✗ **Don’t** sign a petition you yourself are circulating.
- ✗ **Don’t** collect signatures from multiple counties on the same petition. Each petition should have only one county listed and everyone who signs it should live in that county.
- ✗ **Don’t** fill out the circulator employer line in the statement of circulator. You are a volunteer not an employee.
- ✗ **Don’t** share petitions with other circulators. Each circulator should have their own petition available for friends and family to sign.

Signatures only count if the person signing is a registered voter and their current address matches the address on their voter file. If someone would like to sign and is not a registered voter, or has recently moved, encourage them to complete a voter registration form. They can do so online at <https://olvr.ohiosos.gov/>.

Once you are done collecting signatures, please email [info@justlikealcohol.com](mailto:info@justlikealcohol.com) by Monday, January 10, 2022 with the number of signatures you’ve collected to arrange pickup.
